

Buenaventura, July 1st 2.021

To: LINES – AGENTS / CONTAINERS SHIPPING LINES
IMPO – EXPO CLIENTS / SPRBUN

From: SOCIEDAD PORTUARIA REGIONAL BUENAVENTURA S.A.

To all listed parts:

This is to confirm that the current National Strike status does not affect the Container Operations at our Terminal and there is not any restriction to provide services to the regular shipping line services calling SPRBUN. For shipping lines non-regular services we can provide services subject to availability of berth windows to be confirmed in a case by case basis upon shipping line requirement.

The current movility status in Buenaventura and the routes that link us with the rest of the country, allow us to provide services as stated above. We will communicate any change in the case the movility status would change.

Kindest Regards,

**PORT GENERAL MANAGEMENT
